Article Type: Research Paper

Dear PhD Edier Aristizábal,

Your submission entitled "Spatial dependence and heterogeneity in landslide susceptibility: A comparative analysis using Gaussian-Based models" has been received by Computational Statistics and Data Analysis. It has been assigned the following manuscript number: **CSDA-D-26-00155**.

Please note the Article Type above. If the paper is submitted for a Special Issue, then there should be the appropriate Special Issue Article Type.

The Editor decision and reviewer reports will be sent by e-mail and will be available at <https://www.editorialmanager.com/csda/> in due course.

Your username is: EAristizábal-488

If you need to retrieve password details, please go to: [click here to reset your password](#)

You will be notified shortly of the reference number of your manuscript when it is assigned to an Editor.

Thank you for submitting your work to this journal.

For further assistance, please visit our customer support site at <http://help.elsevier.com/app/answers/list/p/7923>. Here you can search for solutions on a range of topics, find answers to frequently asked questions and learn more about EM via interactive tutorials. You will also find our 24/7 support contact details should you need any further assistance from one of our customer support representatives.

Kind regards,

Editorial Manager
Computational Statistics and Data Analysis

This journal uses the Elsevier Article Transfer Service. This means that if an editor feels your manuscript is more suitable for an alternative journal, then you might be asked to consider transferring the manuscript to such a journal. The recommendation might be provided by a Journal Editor, a dedicated Scientific Managing Editor, a tool assisted recommendation, or a combination. For more details see the journal guide for authors.

At Elsevier, we want to help all our authors to stay safe when publishing. Please be aware of fraudulent messages requesting money in return for the publication of your paper. If you are publishing open access with Elsevier, bear in mind that we will never request payment before the paper has been accepted. We have prepared some guidelines (<https://www.elsevier.com/connect/authors-update/seven-top-tips-on-stopping-apc-scams>) that you may find helpful, including a short video on Identifying fake acceptance letters (<https://www.youtube.com/watch?v=o5l8thD9XtE>). Please remember that you can contact Elsevier's Researcher Support team (<https://service.elsevier.com/app/home/supporthub/publishing/>) at any time if you have questions about your manuscript, and you can log into Editorial Manager to check the status of your manuscript (https://service.elsevier.com/app/answers/detail/a_id/29155/c/10530/supporthub/publishing/kw/status/).
